

YOUNG MEMBER OF THE YEAR AWARD

This Award is bestowed upon an individual who has been identified as one of ITE's Young Leaders to Follow. There are two paths to consideration for the Young Member of the Year Award.

Purpose

ITE recognizes that to advance and promote the transportation industry, we must cultivate and recognize the up-and-coming talent and future generation among our ranks. To that end, ITE promotes two programs to help identify and recognize the best and brightest transportation professionals 35 years old or younger who have demonstrated leadership and innovation within the transportation industry: **Young Leaders to Follow** and **District Rising Stars**.

ITE's Young Leaders to Follow Program

For this program, anyone with ITE member credentials may nominate a transportation professional meeting the criteria outlined below through ITE's awards portal. This includes employers, peers, or self-nomination. A selection committee reviews all eligible submissions and chooses a class of 20 Young Leaders to Follow (which automatically includes each District Rising Star).

ITE's District Rising Stars Program

For this program, each District selects one Rising Star from among their respective District membership. District Awards Coordinators then enter one official entrant into ITE's Rising Stars program. To promote uniformity, ITE encourages its Districts to use the criteria outlined below to choose their recipient. District Rising Stars are integrated into ITE's Young Leaders to Follow Program and are eligible to win the Young Member of the Year Award.

The following information outlines the nomination process, required application materials, and judging criteria for both the Young Leaders to Follow Program and the District Rising Star Program.
